Who gets these text messages?

All patients who provide us with a cell phone number and have prescription needs will automatically receive RxInform text messages.

What do I do when I get a text message?

Nothing! The text message simply confirms that your prescription was successfully sent to the pharmacy of your choice.

We do welcome you to explore what RxInform has to offer. This free service provides you with educational information about your prescriptions as well as discounts to lower your out-of-pocket costs.

What if I do not want to get these text messages?

If you do not want to receive these messages, simply reply STOP to the text message you receive. You will be contacted through a phone call to discuss your medicine in the future.
